RESERVOIR SITE TO BE OBSERVED AGAIN TOMORROW

Automobiles to Convey All Who Desire to Inspect Proposed Dam.

BOND MEETINGS TONIGHT.

At 10:00 West C. avenue 7:30 weekly speakers, Commissioner Mike Jannetty and Dan H. West.

Speakers at bond meetings between Broadway and Robinson, the national voters speakers, A. E. Montgomery, G. A. Paul, J. H. A. Houston, Roscoe Priddy.

Several motor automobiles will be in attendance at the city hall tomorrow afternoon at 2 o'clock to take citizens on a five-day tour to the site of the proposed reservoir at the North Canadian river.

What do I think of such an opportunity for voters to see the site of the new reservoir? said Mayor Ed Overholser today. "I think it is one of the strongest possible arguments there is for providing a reservoir for the city."

The site has been selected by some of the best engineers in the country, but one does not need to be an engineer to see its advantages.

The great advantage of the site is that it is located, except that we want to provide against every possible emergency. Of course, the engineers calculate that all the flood water will be carried off by the bypass. The bypass will carry all the flood which we have ever had in this part of the country.

The site has been selected by some of the best engineers in the country, but one does not need to be an engineer to see its advantages.

From it we had a rainfall like that in Michigan, such of the overflow as was not carried off by the bypass would simply flow over the dam. There would not be the slightest danger of a flood which would affect Oklahoma City.

No Danger From Flood. In fact, even if the dam should break, something the best engineers in the world have pronounced impossible—Oklahoma City would not be swept by flood.

The water would have twenty miles to go and a big territory to spread over. It would be scattered and dissipated long before the city was reached. But there will not be the least danger of a break. Every contingency as far as humanly possible is provided against in the plans.

The citizens' committee has met with an encouraging response in its appeal for automobiles for use Saturday afternoon. Many firms and individuals already have volunteered machines. It will require a large number, however, and every automobile owner who is interested in the welfare of Oklahoma City is urged to call on the committee, headquarters, 232 West Grand, Wed. 7:30.

Fine Cloth Suits Now In the Sale at \$39.75

A number of customers who read of the silk suit sale at \$29.75 in Sunday paper came in expecting to find cloth suits, also, and we have added not only cloth suits but a few more of silk. They are in built-up, sometimes beautiful "model" suits, formerly \$45 and \$50. All adapted from imported models, quite distinguished and exclusive.

\$39.75

The Sale of Silks at \$1.29 yd.

Just look! The display is splendid, to say the least, and beautiful. Perhaps it is needless to tell you that we do not buy these things blindfolded. The fact that every silk you see at Kerr's is in the very pink of fashion would not be had we muddled through the selecting. Our silk service includes style insurance and assurance; that is to say, the weaves, colors and patterns are correct, and in coming here you avoid the occasion of error in picking your new dresses.

Besides, they are reduced!

Crepe Meteor, Crepe de Chine, Charmeuse, Brocaded Crepe, exquisite Printed Radium, sturdy, wear-worthy Silk Serges, and a large quantity of splendid Taffetas. Reseda, Copenhagen, Delft, light blue, gold, sand and black, in plain colors, changeable and fashionable stripes. The widths range from 36 to 44 inches, and the former prices were \$2, \$2.50 and \$3; now \$1.29.

MRS. WAITE TO ATTEND TRIAL OF HUSBAND-SLAYER

Wife of New York Dentist Is Ready to Help State Secure Conviction.

NEW YORK, May 16.—Mrs. Clara A. Waite arrived here Monday from her home in Grand Rapids, Mich., accompanied by her brother, Percy Peck to attend the trial of her husband, Dr. Arthur Warren Waite, accused of the murder of her father, John E. Peck, in this city March 12. The trial is set for next Monday.

Mrs. Waite declared Monday night that she was ready to testify at the trial of her husband.

"It may be my duty to attend the trial if I am not called to go, but I feel that it is my duty to my parents and I am ready to do anything for that reason."

"In my husband's case there may have been a lack of moral balance but there was no lack of responsibility. There was no ill of anger, no jealousy, the only motive was money. Love was showered on him. He is absolutely out of my life now. The ideal he represented to me will always be one that I shall care about, any girl would. But he was not that ideal. He was a different person to me. He always deceived me."

The new arrivals continued to manifest a spirit of insubordination at Kapiuskasing. The smouldering unrest culminated Friday into a riot and the guards fired on the prisoners. Rifles and bayonets were used freely, it is said, and the outbreak in which other prisoners participated was not quelled for several hours. There were no casualties among the soldiers.

WEATHER EXTREMES IN WESTERN TEXAS

FORT WORTH, Texas, May 16.—Reports from west Texas towns Monday night indicated weather extremes in the past twenty-four hours which established records for this season of the year. At Gainsville after a period of excessively high temperature for May the thermometer fell almost to the freezing point. Brownwood reported another weather with almost blizzard conditions prevailing late Monday night. A hail storm did much damage in the vicinity of Dalva.

SOLDIERS QUELL AUSTRO REVOLT IN PRISON CAMP

CORCHUANE, Ont., May 16.—An outbreak among Austrian prisoners of war in the internment camp at Kapiuskasing last Friday was quelled by the military authorities after one of the prisoners was killed, nine seriously wounded, several fatally and four slightly injured. It was learned here.

The revolt is said to have been started by about three hundred Austrian prisoners who were removed from the camp at Kapiuskasing where they had refused to work and had turned on their guards. They were taken last Wednesday under heavy guard to the Kapiuskasing camp, about sixty miles west of here on the trans-continental railway.
